Summary

I am a Machine learning engineer I have spent a lot of time in learning python and it's application in machine learning (3 years), so I am knowledgeable in the field. I still want more experience and I'm open to internship position to further my learning process. I do well with Teams and deliver early on deadlines

I look forward to receiving a message from you

Experience

IT Administrator

Oilfield Products · Lagos, Lagos

11/2018 – 06/2019
